WILMINGTON, N. C.

Wednesday, July 23d, 1873.

ONE might be led to suppose that the text of the Constitution of the State of North Carolina, or that part of it which it is proposed to amend, and also the text of the proposed amendments, was the private individual property of the Raleigh *News*, judging from an article in a recent issue of that paper.

The POST finds, among other things, in a book called the "Public Laws of the State of North Carolina, passed by the General Assembly at its session of 1868-'69," a prefix entitled, "The Constitution of the State of North Carolina," and it also finds among the laws passed by the General Assembly at its session of 1872-'73, chapter 153, "An Act to submit the proposed amendments of the Constitution to the people of the State for ratification or rejection." In these public documents we found the subject matter of our article on "Constitutional Amendments" in our issue of the 17th instant., and taking them up *seriatim* we showed what it was proposed to amend, and endeavored to give our readers a clear view of the whole matter.

It seems that the *News* with a like laudable desire to enlighten its readers, had published a similar article, and now thinks that the POST had, with slight alterations, copied in full and without proper credit, its article on that subject. The text of the subject matter, we deem not patented, and the words we used in our explanations thereof were certainly suggested to us, not by the *News*, but from our own brain.

Dogs vs. Sleep.

The great question which comes home to the business and bosom of every man at some period of his life, whether legitimately owned and properly licensed dogs are entitled to disturb by his nocturnal ululations the slumbers of mankind, is in a fair way to be settled. It has been brought before the Washington courts in such a manner that we may confidently anticipate a decision which will serve for an authoritative precedent through all time. The complainant, in the suit is no less a person than the Hon. Caleb Cushing, whose neighbor has a dog whose incessant barking during the night breaks up the rest of the great lawyer. He claims that it not only disturbs his slumbers, but very materially interferes with his studies and the transaction of business during the day; that both his health and his professional duties suffer thereby, and he asks that damages be awarded him to the amount of $4,000 against the owner of the dog. Such a suit on first thought might seem, as the correspondent of the *Herald* who furnishes the news suggests rather amusing than serious, but it involves on reflection an important question. It can well be imagined that one of Mr. Cushing's years, and, perhaps, nervous temperament, with many important legal engagements and matters requiring severe thought before him, would find the persistent barking of a dog in the night hours a very great annoyance, the result of which in his day business, on account of his rest being broken, could not be easily computed in dollars and cents. It is probable that he would not bring such a suit unless the objectionable canine was very persistent, and we can readily suppose that even $1,000 would not be an exaggerated claim by him for damages. If he should win his suit, however, it would be the precursor of many others of a similar character, though involving amounts of damage less in proportion to the lesser importance of the business of the complainants than that of Caleb Cushing. In the case in question it appears that the nominal defendant, Mr. Kelly, is in charge of Fernando Wood's residence, and the dog is the property of the New York representative. Before drawing up his complaint Mr. Cushing consulted with a well known Spanish barrister, who sustains intimate professional relations with Mr. Cushing, and who advised him that in Spain both the law and the administration of justice at all times afforded ample protection to the subject in such cases, so that both by the civil and the common law Mr. Cushing deemed his case complete.—Mr. Kelly relies upon a paid up corporation license to justify his retention of the dog.

Owners of barking dogs, as well as losers of sleep in this vicinity, will do well to look out for the result of this case and protect themselves accordingly, either by selling, killing or muzzling their dogs, or letting them bark, on the one hand; or of bringing suits or suffering in silence on the other.—*Buffalo Courier.*

WASHINGTON NOTES.

The President, upon his return, will have presented to him the postal treaty between the United States and Japan. It is concurred in by the negotiating parties for both countries.

The United States naval ship Alaska will be ready for service the last of this month, and the Navy Department hopes to have a sufficient equipment of men to enable her to join some one of the European squadrons.

A bill will be introduced in the next Congress re-organizing the force of the War Department, increasing the salaries of some, reducing the force, and making provisions for this increase.—The bill will be introduced by a distinguished Senator from Indiana.

The Postmaster General intends at the end of the present calendar year to furnish to Congress a statement showing the results of the repeal of the franking privilege and its effects upon the revenue of the Post Office Department. It is said that the Department will be quite near self-sustaining on this account.

Since the introduction and proper working of the postal-card treaty between the United States and Canada, the provisions of the treaty have been generally availed of. It is announced at the Department that the interchange of cards between the two countries is considerable and very gratifying.

In the re-arrangement of the library of the Bureau of Statistics, Treasury Department, Mr. E. T. Peters discovered a Latin work of several hundred pages, bearing the following inscription: *Tacitus de Subhastationibus*," by Johannis Phillippi, and printed in 1638. It was presented to the Department by Alexander Delmar, an ex-chief of the Bureau.

Religious denominations, according to a recent ruling of the Post Office Department, are subject to the same rates of postage for their issue as ordinarly weekly newspapers. It issued less than once a week, *i. e.*, semi-monthly or monthly, the Department classes them as small-sized news-papers, and the same are subject to postage at the rate of one cent each four ounces delivered to one address.

Lieutenant Edward Wordman has been ordered to the Worcester; Lieutenant George W. Wise from the Wabash, European station, and ordered to return home and report arrival; Lieutenant Commander M L Johnson from the Wyoming, 1st August, and placed on waiting orders; Master Edward W. Very from the Shenandoah, European station, and ordered to return home and report arrival.

Commissioner Douglas has just issued a circular to collectors instructing them that before fruit distillers of their respective districts commence operations for the season, they are requested to comply with instructions being forwarded. Among other things it is ordered that the bond of each distiller must be approved on or before the day of commencing work, and under no circumstances should any distiller be allowed to commence before such approval. The true survey of each distillery must be made and delivered to the distiller on or before the day of commencing operations. Where a distiller wishes to run on an old survey, collectors will notify the commissioner of the fact, together with the date of such survey. In case of a change in the ownership of the distillery, when the distiller wishes to continue operations under the capacity as surveyed before the change, the collector will forward to the internal revenue bureau his expense of the survey upon which the former owner operated said distillery. As soon as the correct date date can be obtained, he will forward also notice showing the date of his approval of each distiller's bond in his district, together with a copy of survey registered on form 26, and notice on 27½. They will instruct distillers to make their monthly reports on form 15 promptly and with care, showing the time operated each day correctly; also the quantity and character of materials used, &c.

The Spirits in a New Role.

Husbands will need to be particularly circumspect in the future. A lady in Aurora has sued her husband for divorce based upon the revalations of the spirits. The latter have informed her that her husband is not what he ought to be, and on their testimony she has gone to law about it. Whether these witnesses will be deemed competent to testify in an earthly court of justice will doubtless depend largely on the religious views of the jury and the judge. In the meantime the husband has cited his wife to appear in court and answer to the charge of insanity, and "great interest" is manifested in both cases.

Blonde hair is worth more than its weight in gold. The metal costs about eighteen dollars an ounce, while the hair sells from twenty to thirty dollars.

When is a clock on the stairs dangerous? When it runs down.

THE Raleigh *Sentinel* says: "Our Senior, who spent the Sabbath at his home in Orange, informs us of an attempt to poison the family of a Mr. Wilson, who resides near Hillsboro'.—The facts are as follows: Mr. Wilson was preparing to thresh his wheat, and expecting to have several extra persons to dinner the next day, had a large "batch" of dough-kneaded and set to rise the night preceding. The next morning Mrs. Wilson, while working the dough over, remarked that it was unusually rough and did not feel right. She touched it to her tongue and found it exceedingly bitter, whereupon she threw the whole of it away, and a dog and a chicken, after eating a portion of it died in a few minutes. The poison could not be accounted for, but it is supposed it was put in the dough some time during the night previous with a view to poisoning the family. We will look to the Hillsboro' *Recorder* for further particulars."

THE Raleigh *News* says: Upon good authority we can now state that work upon the proposed Government building in this city will commence next month, advertisement having been made for contracts to furnish brick and dig the foundation. We learn that the building will front on Martin street 117 feet.—This is made necessary from the fact that the Government lot, on which the building is to be erected, has only a frontage of 105 feet on Fayetteville street, while a front of 210 feet can be obtained on Martin. To make amends for this there will be a spacious and imposing entrance on Fayetteville street, thirty feet from the pavement. It is presumed that the post office will occupy the first floor, the court room the second, while the third will be devoted to offices for the various Federal officials stationed in the city. The building will have a breadth of sixty feet. The present unsightly wooden building, doing duty as a post office, will soon be removed to that portion of the Court House square in front of the store of W. C. Stronach.

Broadway, New York, was excited on Thursday last by a fight between two men, father and son. The father got decidedly the best of the encounter before they were separated. The old gentleman walked off, when the son drew a pistol, and would have shot him had not the bystanders interposed.

THE Excursion of the Young Catholic Friends' Society, which has been looked forward to with such pleasant anticipations for some days past, is advertised to come off to morrow, the comfortable excursion Steamer Waccamaw having been engaged for the occasion, and will leave the dock foot of Market street at eight o'clock A. M. A band of music has been engaged, and from the well known character of the ladies and gentlemen who have charge of the excursion, we have no doubt but that it will be one of the most delightful parties of the season. The steamer will remain an hour at Smithville, and will touch at Fort Caswell, thus giving those desiring of doing so an opportunity of seeing those places, while all those who will can have a chance to "drop a line" for the finny denizens of the vasty deep, and, *if they can*, induce them to forsake their watery element, and join with the many other happy hearts on the deck of the Waccamaw. Ice cream, lunch, and other refreshments, will be for sale on board, but no liquors.

The number of national cemeteries requiring headstones is seventy-three. The contract for this work will be awarded early in August. Gen. Myer, who has the matter in charge, states that the applications for furnishing headstones are numerous.

THE Excursion of the Young Catholic Friends' Society, which has been looked forward to with such pleasant anticipations for some days past, is advertised to come off to morrow, the comfortable excursion Steamer Waccamaw having been engaged for the occasion, and will leave the dock foot of Market street at eight o'clock A. M. A band of music has been engaged, and from the well known character of the ladies and gentlemen who have charge of the excursion, we have no doubt but that it will be one of the most delightful parties of the season. The steamer will remain an hour at Smithville, and will touch at Fort Caswell, thus giving those desirous of doing so an opportunity of seeing those places, while all those who wish can have a chance to "drop a line" to the finny denizens of the vasty deep, and, *if they can*, induce them to forsake their watery element, and join with the many other happy hearts on the decks of the Waccamaw. Ice cream, lunch, and other refreshments, will be for sale on board, but no liquors.

The number of national cemeteries requiring headstones is seventy-three.—The contract for this work will be awarded early in August. Gen. Myers, who has the matter in charge, states that the applications for furnishing the headstones are numerous.

SUB SILENTIO.

Hush! the night is calm and quiet,
And the crescent moon hangs low;
Silence deep and wide hath power,
And the south wind wanders slow
Through a casement where the curtain
Faintly rustles to and fro.

Like a spirit softly sighing
Flits it all the chamber round,
Where the dim lamp, fading, dying,
Just dispels the gloom profound;
Hangs above two happy dreamers,
By love's perfect promise crowned.

Even through the gates of slumber
To the shadowy land of rest,
He still clasps his long sought treasure
Closely, closely to his breast,
With the ardor of a passion
Long denied and long repressed.

With his lips still warm with kisses
Close and clinging as his own,
Sighing still in happy dreaming
For the joy his heart hath known—
Sweetly, peacefully he slumbers
In the arms about him thrown.

And she gazes at him, thinking—
Not of all her dreary years—
Only of this isle of glory,
Reached with many doubts and fears,
Over love's frail bridge of rainbows
Fading in a mist of tears.

Then she nestles still more closely
To the heart so kind and dear,
Whispering, "Love me, love me, darling,
All my hope and rest is here,
And without thee earth is nothing
But a desert cold and drear.

"Oh, that every night my slumbers
Might be so supremely blest,
Bounded by thy dear embraces,
Kissed from passion into rest;
Could ask no better haven,
[illegible] thus, and thus caressed."
Sheltered [illegible]

Fan them gently, odorous south wind.
And begone on pinions fleet,
Nothing in thy nightly journey
Shall thy wandering vision greet
Half as perfect in fulfillment,
Satisfying and complete.

COUNTY COMMISSIONERS.—At a called meeting of the Board, held yesterday afternoon, the following business was transacted.

The Chairman being absent, Commissioner Morris was appointed Chairman *pro tem.*

On the recommendation of the Chairman of the Board, who was authorized to employ such clerical labor as was necessary to complete the tax books for the county and fix the compensation to be paid for the same, it was ordered that the sum of $1,400 be paid by warrant on the Treasurer, drawn in the usual manner, and payable to the persons employed.

Abigail Lamb, an old and helpless woman, was placed upon the pauper list of the county, and the sum of $4 per month was allowed for her subsistence.

Commissioner Nixon was requested to proceed to Bannerman's Bridge and examine the new bridge at that place carefully and fully as to the construction and quality of material used, and report to the Chairman *pro tem*, on his return; and if the same is completed in a satisfactory manner, the balance due was authorized to be paid by warrant on the Treasurer, audited and drawn as usual and payable to R. G. Ross, the contractor.

The Chairman *pro tem* of the Board was authorized to sign warrants drawn on the Treasurer for disbursements during the absence of the Chairman of the Board.

The bridge over Toomer's Mill Creek having been finished and reported as satisfactory by Commissioner Morris, it was ordered that the sum of $95 be paid in full satisfaction of the contract.

Geo. L. Shutte was appointed a poll holder for the sub-division of the First Ward, *vice* David Mote, deceased. The voting place in this division is at the Cart House, on Nixon street.

N. Williamson was granted license to retail spirituous liquors in the city by the small measure.

Henry Martindale, Jr., was appointed a poll holder in Masonboro' township, *vice* James H. Hewlett, excused.

The Board then adjourned to the first Monday evening in August.

THE Raleigh *Sentinel* says: "The officers of the North Carolina Agriculture Association are energetically at work doing everything in their power to make the next State Fair a grand success, and judging from present appearances it will be the most attractive Fair ever before held in North Carolina. On some day during the fair a grand rafle will take place for the fine blooded stallion presented to the Association by Col. J. M. Heck, of this city. Col. T. M. Holt, the President of the Association, has also presented two fine thoroughbred Devonshire bulls which will be disposed of, as a second prize, in the same manner. A pair of fine Merino sheep will constitute a third prize.

The officers will take pleasure in adding to their list the names of any others who have stock, machinery, or other valuable article to contribute. Such additional articles as may come will be disposed of in this grand rafle. We think this a capital idea, and have no doubt it will be a source of considerable revenue to the Association."

It is believed that the annexation principle will be warmly agitated in Congress next winter in connection with recent and impending astronomical discoveries.

STATE ITEMS.

PEACHES at $1 per bushel in Tarboro.

EGGS are 14 cents per dozen in Newbern.

STATESVILLE crieth aloud for a cotton factory.

LITTLETON is to have a Catholic Church.

TARBORO' mourns because she has no base ball club.

AN effort is being made to establish a bank in Concord.

A SEVERE hail storm passed over a portion of Buncombe county last week, doing a good deal of damage to vegetation.

THERE is a fascinating youth living near Tarboro', who owns forty horses, but drives a pair of goats. So says the *Enquirer*.

The temperance organizations of Charlotte pic nicked it on Saturday at Mineral Springs, ten or twelve miles from that city.

THE Ice Cream Festival given by the ladies of the Episcopal church, in Newbern, on Friday evening, was a very pleasant affair.

THE subscription of only ten shares is lacking to organize the company to run the proposed woolen factory in Asheville. So says the *Citizen*.

THE Roanoke *News* learns that Mr. William Arrington, of Halifax, raised a half bushel of Irish potatoes this season from the seed of one potato.

THE gin house of Mr Edmund Jacobs, Northampton county, was struck by lightning on Friday, and two mules, standing near by, were killed. The gin house and six bales of cotton were saved from destruction by great labor.

THE Raleigh *Sentinel* says: "During the storm on Saturday afternoon the Edenton Street Methodist Church was struck by lightning. Very little damage was done, however, as the lightning rod carried the electricity to the earth.

THE Raleigh *Sentinel* learns by a letter from Dallas, Gaston County, that a white man by the name of Pinner, stabbed and killed a negro, name unknown, near Gastonia station, on the Air-line railroad. Pinner has been arrested and lodged in jail. Cause of the difficulty not stated.

SAYS the Enfield *Times* of the 19th inst: "We regret to learn of the death this week, of one of the interesting twin children of Mr W A Jobson, of this place, while on the steamer "Banks," bound from Norfolk to Cherrystone, Va., where their mother was taking them for their health. The children were named respectively "Damon" and "Pythias," and were known as the youngest Knights of Pythias in the United States.

THE Raleigh *News* says: Kearney Andrews, Esq, was killed on Saturday last near Chapel Hill, in Orange county, by being caught in a wheat thresher while in motion. Mr Andrews was stepping over the clevice which caught the lower part of his pantaloons, and was whirled around at a rapid pace for about two minutes. His head was beaten almost to a jelly. He leaves an aged father and mother, who were dependent upon his labor for support.

THE Raleigh *News* says: At a meeting of the survivors of the Mexican war, living in this city and the vicinity, held in the office of Messrs. Nichols & Co. on Saturday evening, it was determined to organize a State Association to co-operate with like associations now in existence in a number of the States of the Union for mutual good, and to keep alive those reminiscences of the past which constitute such a bright era in our national history. Another meeting is to be held on the 24th inst. to perfect the organization by the election of officers, and to receive into their keeping the flag presented to the volunteers by the ladies of this city on the eve of their departure for the seat of war. It is hoped that every survivor of this war, whom this notice reaches, will be certain to attend in person, or signify in writing their intention to co-operate in the movement.

THE Raleigh *News* says: After the passage of the down mail train at Durham Friday night, a boy by the name of Webb, about 12 years of age, was found horribly mutilated near the rail road track. It was first supposed that the boy had been foully dealt with by a negro man with whom he had angry words during the evening, but the Coroner's jury that investigated the matter rendered a decision that he came to his death by falling asleep on the railroad, and was run over by the engine. The saddest part of the case is, the boy returned home from his work in the town at five o'clock, and his mother ordered him to return, as it was too soon to quit work. When the heartrending news reached her, she attempted to take her own life, saying it was she who caused his death, etc.

INDIANA.

EVANSVILLE, July 23.

Advices from Princeton, about 25 miles north of this city, report the cholera in that neighborhood. Three or four miles east of Princeton, on Indian Creek, ten persons have died since last Friday, and new cases are reported daily.

Reports were current that the disease had broken out in Carmi and Mt. Carmel, Illinois, but it is believed that the stories are unfounded.

Advices from Mount Vernon state that there are only about 1,000 people now in that place, and that the surrounding towns are filled with Mount Vernon citizens, who have fled from their own city. The Board of Health has requested all persons not to visit the place for the present.

CUBA.

HAVANA, July 22.

The Spanish conservatives of Havana sent to Madrid by the last mail steamer, a petition to be presented to the cortes, in which they say: "That so long as a single armed rebel remains who cries death to the Spaniards, and until a sufficient time has elapsed for the complete establishment of tranquility on the Island of Cuba, no forms be introduced, such as are likely to produce disturbances which would only be favorable to the rebels."

The petition is signed mostly by wealthy Spaniards and slaveholders, and their dependants. The Republican commissioners sailed to day for Spain to lay their cause before the cortes. They ask for more reforms, especially liberty of the press, the abolition or modification of the censorship, and the practical enjoyment of a republican form of government here as well as in Spain.

Gov. Dix has vetoed the newspaper claims bill, and the bill removing Sing Sing prison.

For the week there have been 376 deaths in Brooklyn, including 258 under five years of age. A heavy increase in mortality among children in this city is reported, and an investigation in the different wards shows that cholera morbus, cholera infantum, diarrhea, intermittent fever, and other diseases incidental to bad ventilation, overcrowded tenements, and a lack of care of the little ones, is the cause of such mortality.

The cortes has approved a bill providing for the imposition of extraordinary war taxes.—Persons who are known to be in sympathy with the Carlists are to be taxed heavier than the loyal population. Prospectus for 1873.

SIXTH YEAR.

THE ALDINE,

An illustrated monthly journal, universally admitted to be the handsomest periodical in the world. A representative and champion of American taste.

NOT FOR SALE IN BOOK OR NEWS STORES.

THE ALDINE, WHILE ISSUED WITH all the regularity, has none of the temporary or timely interest characteristic of ordinary periodicals. It is an elegant miscellany of pure, light and graceful literature, and a collection of pictures, the rarest specimens of artistic skill, in black and white. Although each succeeding number affords a fresh pleasure to its friends, the real value and beauty of THE ALDINE will be most appreciated after it has been bound up at the close of the year. While other publications may claim superior cheapness, as compared with rivals of a similar class, THE ALDINE is a unique and original conception—alone and unapproached—absolutely without competition in price or character. The possessor of a complete volume cannot duplicate the quantity of fine paper and engravings in any shape or number of volumes, for ten times its cost, and then there are the chromos besides!

ART DEPARTMENT.

Notwithstanding the increase in the price of subscription last fall, when THE ALDINE assumed its present noble proportions and representative character, the edition was more than doubled during the past year, proving that the American public appreciate, and will support, a sincere effort in the cause of Art. The publishers, anxious to justify the ready confidence thus demonstrated, have exerted themselves to the utmost to develop and improve the work; and the plans for the coming year, as unfolded by the monthly issues, will astonish and delight even the most sanguine friends of THE ALDINE.

The publishers are authorized to announce designs from many of the most eminent artists of America.

In addition THE ALDINE will reproduce examples of the best foreign masters, selected with a view to the highest artistic success and greatest general interest, avoiding such as have become familiar through photographs, or copies of any kind.

The quarterly tinted plates, for 1873, will reproduce four of John S. Davis' inimitable child-sketches; appropriate to four seasons. These plates, appearing in the issues for January, April, July and October, would be alone worth the price of a year's subscription.

The popular feature of a copiously-illustrated "Christmas" number will be continued.

To possess such a valuable epitome of the art world, at a cost so trifling, will command the subscriptions of thousands in every section of the country, but as the usefulness and attractions of THE ALDINE can be enhanced, in proportion to the numerical increase of its supporters, the publishers propose to make "assurance doubly sure" by the following unparalleled offer of

PREMIUM CHROMOS FOR 1873:

Every subscriber to THE ALDINE, who pays in advance for the year 1873, will receive without additional charge a pair of beautiful oil chromos, after J. J. Hill, the eminent English painter. The pictures entitled "The Village Belle" and "Crossing the Moor" are 14x30 inches—are printed from 25 different plates, requiring 25 impressions and tints to perfect each picture. The same chromos are sold for $30 per pair in the art stores. As it is the determination of the conductors to keep THE ALDINE out of the reach of competition in every department, the chromos will be found correspondingly ahead of any that can be offered by other periodicals. Every subscriber will receive a certificate, over the signature of the publishers, guaranteeing that the chromos delivered shall be equal to the samples furnished the agent, or the money will be refunded. The distribution of this grade, free to the subscribers of a $5 periodical, will mark an epoch in the history of art, and considering the unprecedented cheapness of the price for THE ALDINE itself, the marvel falls little short of a miracle, even to those best acquainted with the achievements of inventive genius and improved mechanical appliances. (For illustrations of these chromos see Nov. issue of THE ALDINE.

THE LITERARY DEPARTMENT

will continue under the care of Mr. Richard Henry Stoddard, assisted by by the best writers and poets of the day, who will strive to have the literature of THE ALDINE always in keeping with its artistic attractions.

TERMS:

FIVE DOLLARS per annum, in advance, with oil-chromos free.

THE ALDINE will hereafter be obtainable only by subscription. There will be no reduced or club rate; cash for subscription must be sent to the publishers direct, or handed to the local agent, without responsibility to the publishers, except in cases where the certificate is given, bearing the fact-simile signature of Jas. Sutton & Co.

will be maintained for all new subscribers, and all old subscribers renewing prior to the 15th day of January, 1873, when the above Club rates will take effect.

THE NEW YORK WEEKLY TIMES
Will contain Selected Editorials from the Daily Times; General News, Domestic and Foreign; The Proceedings of Congress and the State Legislatures; Full and Interesting Correspondence; Book Reviews; The Choicest Literary Selections; while its most prominent feature will be a COMPLETE AGRICULTURAL DEPARTMENT, with original articles from practical farmers; full reports of the American Institute Farmers' Club; complete weekly market reports; financial, domestic produce, live stock, dry goods and general.

AS A FAMILY PAPER,
The TIMES will have no superior; it will be free from all appeals to vulgar and impure tastes, and may be safely admitted to every domestic circle.

AS A REPUBLICAN JOURNAL,
The TIMES will be devoted, as in the past, to an intelligent and firm support of the Republican Party. Its course in reference to the Tammany Ring, at a time when all the other daily papers in New York obstructed and discouraged its efforts, attests its sincerity in the cause of Reform. The TIMES stood alone in demanding Reform from 1869 to the close of 1871, and there is no sincere and honest proposal for Reform, in any branch of the Government, which will not be heartily supported by the TIMES. But it will not conspire in assisting ambitious politicians or demagogues to reach power under false pretenses. It will not encourage defection from the Republican Party, which is still the party of progress, security and national prosperity.

It will sustain, with all the force and influence at its command, the principles and policy which have rendered that party so justly famous in our history. It will advocate those measures by which the honor, the peace, and the prosperity of the nation can be best secured and promoted, and will constantly study the wants of the people rather than the wishes of the politicians.

THE NEW YORK SEMI-WEEKLY TIMES
Is published every Tuesday and Friday, and contains all the agricultural and literary matter of the Weekly edition, and a full and careful compilation of editorial and news features of the Daily.

Terms of the Semi-Weekly TIMES: One copy, one year, $3; two copies, one year, $5; ten copies, one year, $25—and one extra copy free.

Subscriptions to either of our editions received for a less length of time than one year at yearly rate.

These prices are invariable. Remit in drafts on New York or Post-office Money Orders, if possible, and where neither of these can be procured, send the money in a registered letter. All Post-masters are obliged to register letters when requested to do so, and the system is an absolute protection against losses by mail. Address

We especially call the attention to the following testimonials of the Paint:

C. P. Knight, Esq.—Dear Sir: I have used Bradley's Patent Enamel Paint on my dwelling last Spring, and am much pleased with it, and it looks as well now as when first painted, and consider it a good Paint. Yours, truly,
Roswell P. O., Hartford county, Md., Feb. 6th, 1873. A. H. STRASBAUGH.

THE PLAINS, FAUQUIER CO., VA., Feb. 6th, 1873.

Mr. C. P. Knight—Sir: The Paint came safely to hand as ordered—two kegs, five gallons each, and three buckets, one gallon each. As practice was slack, I did the job myself. Two weeks, (not constant work,) completed the house two coats. The last coat I applied thick, and it is now generally conceded that for enamel-like hardness, and body, and harmony of colors, there is not a handsomer job in the place. I saved sixty-five dollars by the operation, which is an item just now with Southern people. It should be generally adopted in this State. Any country lad can apply it. I have never dabbled in such stock as testimonials, but I feel so forcibly the great adaptability of your "Enamel Paint" to the wants of our people, in excellency of material, in beauty of color, and in the fact of its being "ready mixed" that I give you free permission, (if it is desirable to you,) to make what use you think proper of this letter.

Very respectfully and truly, S. McGILL, M. D.

TO THE PUBLIC—It affords me much pleasure to state that in July, 1871, Front Street Theatre was painted inside and out with "Bradley's Patent Enamel Paint," for which C. P. Knight, No. 93 West Lombard Street, is agent, and, to testify to its superiority over any and all other paints for similar uses. In no private dwelling can paint possibly be subjected to the very severe test it undergoes at this establishment, where, during our daily cleaning, soap and soda are constantly applied to it, and yet it appears as sound and fresh as when put on. Of the numerous advantages it possesses over other paints, I will only mention its being mixed and ready for use in quantities to suit purchasers, its quickly drying properties, which saves much time in the execution of work were paint is needed, and its very perceptible tenacity, which imparts beauty and durability to the objects on which it is used. As such I most earnestly recommend it to the merchants and tradesmen of our city, believing it will give them greater satisfaction than they can possibly anticipate.

WM. E. SINN,
Front Street Theatre.

BALTIMORE, April 25, 1873.

CHAMBERSBURG, December 10th, 1872.

Mr. C. P. Knight—Dear Sir:—The paints we received from you have been applied to several of our own buildings and to those of our friends, and have given entire satisfaction in covering qualities, in gloss, and in adaptability to all kinds of surface of material and we cheerfully recommend it, especially to that class of consumers who have to depend upon unknown parties, or painters to mix and furnish materials, wherein we have found the most deception.

Yours, truly,
JACOB STOUFFER & SON.

FROM HON. JOHN WETHERED.

Mr. C. P. Knight:—At the recommendation of a friend, I was induced to apply your patent "Bradley's" paint to my house. I have pleasure in stating that it has proved highly satisfactory, covering more surface than you promised, is more economical, carries better gloss than ordinary paint, and is freer from disagreeable odor.

Yours, Respectfully, JOHN WETHERED.

BALTIMORE, December 27th, 1871.

C. P. Knight, Esq., Agent for Bradley's Patent Enamel Paint—Dear Sir:—The paint we purchased from you we will cheefully endorse as the best of any kind we have ever used; its covering qualities is everything desired, drying promptly and with a hard gloss which must, we think, resist the action of all kinds of weather. This is our experience, and we can recommend it with certainty, and intend to use it on all occasions where we desire a good job of work.

Very Respectfully, EMART & QUARTLEY, 270 W. Baltimore St.
House, Sign and Frescoe Painters.

PLEASANTVILLE, HARTFORD CO., MD.

Mr. C. P. Knight—Dear Sir:—I am very happy to inform you that your "Patent Enamel Paint" has given entire satisfaction. I prefer it to any paint I have ever seen used, and recommend it for durability and beauty as paramount to any other.

Very Respetfully, R. DICKEY, M. D.

"Unquestionably the best sustained work of the kind in the World."

Harper's Magazine.

NOTICES OF THE PRESS.

The ever-increasing circulation of this excellent monthly, proves its continued adaptation to popular desires and needs.—Indeed, when we think into how many homes it penetrates every month, we must consider it as one of the educators as well as entertainers of the public mind, for its vast popularity has been won by no appeal to stupid prejudices or depraved tastes.—*Boston Globe.*

The character which this Magazine possesses for variety, enterprise, artistic wealth, and literary culture that has kept pace with, if it has not led the times, should cause its conductors to regard it with justifiable complacency. It also entitles them to a great claim upon the public gratitude. The Magazine has done good and not evil all the days of its life.—*Brooklyn Eagle.*
